- **Internship**
  An Internship program at Service Hospital Lahore as a Computer Programmer.
- **Game Developer**
  I am working as Unreal Engine Developer at OZ Sports Lahore Office.

Personal Projects

- **Sales Purchase System:**
  We designed a database system over oracle database system in which, the issues and transaction occurs at the same time, that also having a different interface for each User.

- **School System:**
  It's a web-based application where schools can post result and attendance also grading. HTML/CSS frontend and PHP/SQL for backend.

- **Terror Cry:**
  This is an **Action Shooter Game** which is being designed on unreal engine 4. In this we have some objects (Intelligence) to getter and get to the extraction point. Here you can find the documentation.
